INSURANCE

Twenty-five years ago we paid 75c. per \$100 on a frame building with five coal stoves in different parts of the building. Today on same site, \$260 per \$100 on building now of brick and metal, one flue, and heated by steam. Then the city had a volunteer fire department and now a fine up to date paid system and yet look at the increase.

Looking at the changes in our own business every department is from 25 cents to 100 per cent. better and cheaper. Why is Kentucky's insurance rate higher than any State in the union and 4 per cent. higher than the average for the entire United States and territories.

Why a Woman will Make No Mistake in Buying a Conservative Winter Suit or Coat Even This Late in the Season.

Because she can get better material, better tailoring, better linings than in any spring suit at the price at which we offer our entire remaining stock.

Because as March is one of our winter months by fact if not by the calendar, as April usually brings chilly blasts instead of spring flowers, as a cold May is not an unrequited calamity, a woman is assured of at least two months possibly three months steady immediate wear of garments bought now, and a gratifying sense of protection against autumn's first cold glance.

Because, and this is the biggest because, we are offering absolutely without reservation

Choice of Any Suit and Coat in the Stock, Ten Dollars

EVERY GARMENT NEW THIS WINTER. Suits up to \$39. Coats up to \$35. Not a dozen Coats or Suits but a good assortment. No garments charged, sent out on approval, exchanged nor laid aside.

Things Begin to Look Like Spring AT MERZ BROS.

Every nook and corner of this big store is daily undergoing a rapid transformation. New merchandise is making its welcomed appearance, filling the store with an atmosphere of spring time, irrespective of the climate outside. These early displays, refreshing and inspiring as they are, are composed of fashions which may be relied upon as thoroughly representative of the favored modes of spring.

PARIS SAYS, SMALL HATS FOR SPRING. So, like the obedient pupil that we are, we have assembled these advanced spring styles in perfect harmony with her prediction. SPECIAL MENTION are the Hats at \$3.98 and \$4.98.

SUITS, COATS, DRESSES AND SKIRTS. So rapidly have the new garments been making their appearance that our showing has reached a stage where it is pretty well representative of what is correct and authentic for the new season.
